Belgaum, Karnataka

Education

2018 - 2022
High School (96.96%)
Swadhyay vidyamandir High School,

2022 - 2024
Pre University (88%)
Prerana PU College Belgaum

2024 - 2027
Bachelors of Engineering (90.01%)
S.G Balekundri Institute
of Technology Belgaum

Skills & Interests

- Data Analytics
- Python Web Development
- Robotics
- Guitarist
- Public Speaking

Language

- English
- Kannada
- Marathi
- Hindi

About Me

What do you get when you combine a robotics enthusiast, a data storyteller, and a guitar-strumming coder?

Hemant Mandi — a final-year Computer Science and Engineering student living at the intersection of innovation and artistry, where data meets design, circuits meet chords, and ideas become intelligent systems.

Experiences and Achievements

2024 – 2026
Startup Project | Project NAIN 2.0
ROS Software Management

Worked on robot simulation using ROS with navigation and sensor integration.
Used Gazebo and RViz for testing and validation.
Developed basic autonomy using ROS nodes and packages.
Gained hands-on experience with ROS topics, services, and TF frames.

2025
Hackathons
Winning hackathons

Won 1st Place at NeoNexus 36.0, with a 25000 prize money, a 36-hour national-level hackathon by IEEE BITM, competing among 189 teams and 36 shortlisted finalists, for developing an innovative Smart Accident-Alert System using GSM, GPS, and embedded sensors for real-time, internet-free emergency alerts.

2025
Other experiences
Internships and other Hackahons

Completed **AI Internship** at Ultimez Technologies
Completed **Java Development Internship** at Cognifiz Technologies
Participated in national level Hackathons like: SIH 2024 2025, Anveshan 2026, Inventra 2026, Nasa Spaceapps Challenge 2026

Certifications & Training:

- Diploma In Office Automation(DOA)| Engineers Computer Academy | August 2018
- Data Structures and Algorithms in java | Capabl.in | May 2025
- Full Stack Development at Capabl.in
- Data Science by Code With harry (ongoing)
